

Day 1: Ice Cube Sculptures

Materials Needed:

- Ice cube trays
- Water
- Food coloring
- Cookie sheet
- Water dropper

Pre-Activity Prep:

- Mix food coloring with water and pour into ice cube trays.
- Pour a thin layer of water onto a cookie sheet.
- Freeze the ice cubes and cookie sheet until frozen.

Invitation to Play:

- Place the colored ice cubes in a bowl alongside the cookie sheet.
- Also set out a glass of water with a dropper.
- Use the dropper to squirt a little bit of water onto the ice cube and place another ice cube on top. Hold together for 15-20 seconds until the ice cubes stick to each other.
- Continue to build this way and create an ice sculpture.
