

# Thank you for downloading!

Thank you so much for downloading this summer reading chart! I hope it encourages your child to read this summer!

I designed this chart for kids reading chapter books, but you could also use this with picture books. After the child finishes a book, have them write the date, title, and author. Then color in the stars to rate the book. There are ten books on one chart.

Once 10 books are read and the chart is complete, celebrate with a special outing or a small prize. See how many reading charts they can complete in one summer!
