How to Play Rhyme & Match

Materials needed:

- die
- pawns for players
- card stock paper
- laminator (optional)
- scissors

Prep:

- Print the pages onto card stock. I recommend colored card stock for the rhyme cards to make sure students won't be able to see the words through the backside of the cards.
- Laminate the game board. (optional)
- Cut out the rhyme cards.
- Place the cards face down in the center of the gameboard.

How to play the game:

1. Place the pawns at start.
2. Roll a die and move that many spaces.
3. Read the word you land on.
4. Flip over a rhyme card and see if the words rhyme. If they do, keep the match. If they don't, place the rhyme card back.
5. Continue moving around the board until one player has 3 matches.
6. The first player to have three matches is the winner.

Special Notes:

- There are 10 total rhyme cards, so that means only 2 cards will match exactly the word. *Ex: If a student lands on 'cat' and flips over 'hat,' it is considered a match because it rhymes.*
- This download has two versions of the Rhyme and Match game, which uses two different sets of rhyming words.
