# Full Names

If you'd like to make a full name using this editable document, follow these steps. Please note that the font used here is slightly different from the rest of the PDF because that was a purchased font.

1. Download the **free** Happy Writing Mini Circles font here:  
<https://www.teacherspayteachers.com/Product/Happy-Writing-Letter-Formation-Fonts-by-Bunny-On-A-Cloud-PERSONAL-USE-7558316>
2. After you've downloaded the font to your computer, open this PDF in Adobe Reader.
3. Type the child's name in the blue box on the next page. If your child's name is long, it may take multiple rows of letters. If the font doesn't show up, make sure to choose the font **Happy Writing Mini Circles** from the font list.
4. Click 'print' and it will print the personalized Q-tip names.
5. Have the child dip Q-tips into paint and stamp the circles.
6. Once the paint has dried, glue it to a piece of construction paper.
7. If the child's name is long and it printed on multiple rows, cut out the letters, place them in order, then glue them to the piece of construction paper.
