

I'm always around just like a hero, that's the way to make a zero!

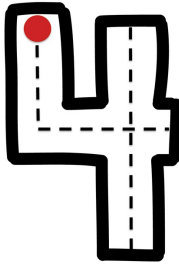

Straight line down. Then we're done. That's the way to make a one.

Around and back stay on the track. Toot toot for two!

Around the tree, around the tree. That's the way to make a three!

Down and over. Down once more. That's the way to make a four.

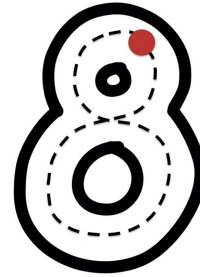

Straight line down. Then around. Hat on top. Fives a clown.

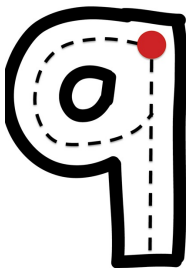

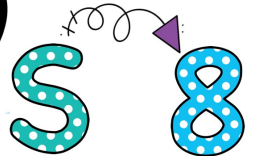

A stick and a loop does the trick. That's the way to make a six.

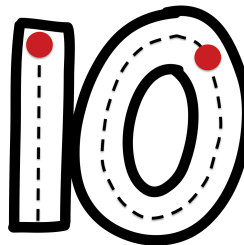

Across the sky and down from heaven. That's the way to make a seven.

Make an S then don't wait. Go back up. You made an eight.

A loop and a line. Makes number nine.

Straight line down, Then around with a grin. That's the way To make a ten!
